## GOING MY WAY

I've got two weaknesses; older guys and my motorcycle. A bike is easy enough to get, provided you've got the dough. But the right dude who'll do things my way, that's another story. Having found Lance, I think I'll hold onto him long enough to teach him my way.

I met Lance when I went in to have some more accessories put on my bike. He was the mechanic, and we hit it off right away. He asked me if I'd like to try it with him. I gave him one of those looks, and I wasn't sure he caught on. But he caught on.

The next day he came over to my apartment on some pretext or other and we got friendly, and I told him about my background.

How my ex-hubby was a sex fiend and how he got me to suck him constantly. At first I didn't want to, but he bullied me around some, and later I found that I liked blowing him.

I watched Lance while I was talking and it was apparent that his pants were getting too tight. I got in front of him, put my hand on his leg and pushed it upwards until I met his hard-on. Just from the feel alone, it was immense and that got

### Syren says it's been a long time...

*Well, I can fix that. I haven't had any for a long time either and I'm so horny that I could go for hours or even days. My cock gets so swollen that I end up jerking it a few times a day. For a fifty year old guy, I can get it up and keep it up, even without any pills. I think this is the type of guy that Syren needs, and I'm here for her. Just let her know and we can meet somewhere nearby,*

*— Gary M., Encino, CA*

*Hi there, I just wanted to drop a quick note for Syren DeMer to say that I'm a big fan. I've followed her career for a few years after I became enthralled with older women. I'm 27 and stopped dating younger women a few years ago. Syren was the second lady I fell into lust with. Now, I follow her movies on the internet, and thanks to you, now I can get photos of her, too. Thanks.*

*— Kyle J., Milwaukee, WI*

me sighing and pretending like no one liked me.

Lance liked me. He helped me unzip his fly and let me stare as hard as I wanted to at his superb cock. But he wouldn't let me play with it or have it. Instead, he said he was an outdoor type and why not go out in the country where we could have an honest-to-goodness fuck?

Fucking is all right, I thought, as I clutched his waist while he drove recklessly out of town. But my ex had spoiled me for that. Now more than anything else, I liked a prick in my mouth. I could lick and suck for hours and lately the guys I had didn't want all that eating going on.

I thought that Lance could be trained to like that and nothing else. Oh, he would do me too, but to me sexing was only oral. The other stuff was kid stuff.

As soon as we got to a spot, I was halfway out of my clothes before Lance undid his boots. I helped him unzip, got my fingers to the base of his dick and did some wonderful things to get it to the hardness I liked.

I let my fingers work about his balls while my tongue went up and down his length measurement... measuring it with my tongue

and comparing it with other shafts I have known in my lifetime. Lance's won in a walk, it was so thick and long and suckable.

How was I sure that I could raise Lance my way? Because I've got a nice chunk of alimony coming in on the first of every month. Besides, when I divorced my ex, I was entitled to half of the community property. So I was getting a nice chunk from rentals besides. Lance told me he was broke all the time, didn't have a dime in the bank, was underpaid as a mechanic, and liked all the good things of life.

Before the day was out, I told him I'd support him as long as he didn't want fucking but would be content with sucking. Lance moved in with me, kept his job, but I do supply him with a lot of life's luxuries. I gave him a white Harley, a gold digital wristwatch, and a charge account at a custom tailor.

In turn, he's where I want him, and when I want him. A couple of times he's objected when I've lain with his cock in my mouth as if I was a nursing bottle. He says he gets bored so I let him watch TV with the sound off. I got him some Bluetooth headphones and we spend a lot of time like this.

It's my money and I'm happy. But if Lance gets difficult, I might just ditch him and get to join one of those bike clubs. One night I heard a story from cute chick I had met... and she told me she had once spent an entire night sucking on

another chick... Hmmm-mm! Might be my type!

— *Sierra, Phoenix, AZ*

### **THE TV REPAIRMAN**

I work for one of those "big-box" appliance stores, installing and setting up, and repairing TVs and the like.

I was out on a call when this hot little number answered the door. It should be said I'm a black guy who digs white chicks. And as soon as I laid eyes on that hottie I could tell she felt the same way.

When I told her I'd come to fix the TV, her eyes danced dreamily and she said, "It's in the bedroom." She then turned to lead the way. She was wearing this flimsy little night gown that

barely covered anything, but was sexier than if she'd been nude. As she led the way up the stairs ahead of me, the shift hardly cleared her ass, which she twitched tantalizingly in front of my face every step of the way.

When she reached the top of the stairs, I was still two steps behind and just automatically planted a kiss on her ass. She let out a squeal of mock surprise and turned and threw her arms around my neck, squirming and snuggling her whole body into mine.

By that time I had such a hard-on, I knew I'd have to get into her fast or it would be all over. It wasn't hard to do, since she was hardly dressed to ward off my advances.

We both came together the minute I had my cock between her legs. When we finally stopped panting, she murmured, "Now, the next time will be slower and better." By that time, I was able to notice that the place at the top of the stairs was sort of a big loft, an adult playground with a bed in the center. She sank on the edge of the bed and watched me take my clothes off.

For 52, I say I take pretty good care of my body, and the look in her eyes as I peeled off the last of my clothes made it worth the effort. I stretched out on the bed beside her and muttered something about maybe I should do what I originally came for take a look at her TV. But she was all over me, pressing her tits into my chest and tonguing my ear, and murmured, "Honestly, there's nothing wrong with the TV. I saw you the last time I was in your store and knew I had to have you. Just make out a bill for an hour's work and I'll take care of it." That sounded good to me, so I just relaxed and let nature take its course.

Now she was holding herself away from me a little and just teasing the tips of her titties against my chest, back and forth in such a sensual way it was working me into another frenzy. At the same time, she reached down with one hand and took hold of my balls, massaging them expertly. She could see that I was more than ready for another go-around, and she was too. In seconds flat she mounted me, sinking her

pussy down on my hard prick and pumping away. We melted again in another spasm of ecstasy and lay together quivering until we both calmed down.

Now she was sitting at the end of the chaise lounge. With a sixth sense, she seemed to anticipate my every craving. I like my women sitting up, because it makes their tits hang much more seductively. And hers were really something, alright. They were huge and full and oh-so-inviting.

I took two great handfuls and nuzzled my face into them. It was like a trip to another planet. When I could finally tear myself away, I took her hard nipples into my mouth and sucked for all I was worth. Tit-sucking is my favorite sport and it must have been hers too, because she moaned and writhed like it was her first time in days. I thought about going down on her, but didn't want to leave that upper atmosphere of paradise.

She didn't seem to want me to leave either, so I spent the rest of my "hour" on that delicious project until our sex organs demanded more attention. Even then, I was loathe to leave her tits, so I sat on the floor so she could straddle me and I could still suck and massage those magnificent hooters.

Unfortunately, I was working for an employer who had a tight schedule for me, so I was forced to leave at last. Needless to

say, I've been back there a lot. Naturally, I've gone back at night on my own time so I didn't have to hurry, but there was something about those hour-long TV repairs in the middle of the day that were extremely enticing.

### **THE VAN IS ROCKIN'**

I was refereeing a small college football game just outside of Albany, New York, one late autumn day. The game ended and the crowd went home. I was one of the last ones to go because I had to gather up equipment, change out of my uniform, and check the stats for the game. I headed out to the parking lot and see a few cars still there.

They were mostly parked over at a dimly lit corner of the lot. My car happened to be in that direction, too. As I walked over, I saw there were

people in some of the cars and a small cargo van was rocking. I decide to go over to the van to see what was going on and as I pass a couple of the cars, they pull away, lights out and moving fast.

I slowed my pace as I approached the van and as I got closer, I saw a guy step out zipping up his fly. He nodded at me as he headed to his car. I got closer and heard grunts, and moans coming from the van. I noticed the back door was open and I looked in to see a twenty-something girl getting fucked doggie style by one of the players. Suddenly a voice from my left said to either let her suck your dick or leave. I looked over at him and then back to the scene in the van. Then the devil on my shoulder pulled me in and I undid my pants and stepped forward.

Without losing a stroke, the girl took my cock into

her mouth and immediately started working it like a pro. She got me hard in a hurry and when the jock dumped his load, she spun around, got on her back and invitingly spread her legs. I placed my cock at her opening and buried it to my balls in one stroke. I felt her pussy muscles relax on my in stroke, making it easy to plunge deep.

But when I pulled back she gripped it tight, giving a sensational fuck. I shot spurt after spurt into her and pulled out. No sooner had I stepped away when another jock got in the van and in seconds he was in her and going at it hard and fast. I was thinking about taking another shot myself when a huge line-backer with ten inches of hard cock lifted her to all fours. His cock head looked to be the size of a peach, and his shaft had to be six inches around.

I stood there mesmerized watching as he put it in slowly, inch by inch, as she moaned, screeched, and grunted as inch by excruciating inch he buried his huge slab of meat into her. Then he started sliding in and out of her faster and faster until he finally came and she started trembling in a huge orgasm, just as he froze and shot his load. Then the guy slid his hard cock into the wide spread lady again and started thrusting like there was no tomorrow.

He couldn't cum a second time and as his cock shriveled, he fell out and

so she grabbed my pants, unzipped the fly and took my cock and swallowed it to my pelvic bone, her tongue whipping around and driving me crazy. She gripped my shaft and firmly stroked it while licking the underside, then licking my balls, sucking one into her mouth, then the other.

She returned to my cock, taking the head and a couple inches in, sucking and slurping wildly as her hand pumped my shaft. I blasted a load into her mouth and throat and stumbled out of the van. I decided I should go home before anything else happened.

## NIGHT SCHOOLED

I took an art class in night school at the local community college because I thought the most liberal girls would be in it, and was I right. There were three of them and one was married and a couple had kids but no husbands. As far as I was concerned, they were all fair game to this forty year old guy.

I was drifting off in class, trying to fall asleep when I hear, “Steve, quit staring at my butt?” That was Lana, the blonde MILF that sits right in front of me. “I’m not, but you know your ass is so hot.” She turns around and giggles at me. I pick up the sign this time and after class invite her for coffee.

We go to a coffee shop nearby and find a small sofa to sit at. I get the drinks and

immediately get to talking about our sex lives. Mine isn’t too interesting and, it turns out, neither is hers. She says her boyfriend has a small cock. She thought it was cool at the start because she could easily get it all in her mouth, but when it never got any bigger, it never satisfied her pussy. She asks me what my size is and I brag that it’s eight inches. She leans over and looks at my crotch and reaches down but I stop her. We’re in a public place, I thought. But now the damage was done.

She suggested we go back to my place so she could see it. How could I refuse, horn dog that I was. We get to my place and park it on the couch. “I gotta get home soon, so let me see it.” she says. Im-

mediately she unbuttoned my pants and pulled them down.

She grabbed it, and when she saw it perk up after fingering it for a second, she started asking me all sorts of questions because she said her man had lost interest in sex. I told I hadn’t, as she could see from my now seven-inch-on-the-way-to-eight-inches cock. She giggled some more when I asked to see her boobies.

She unbuttoned the front of her shirt and there they were, full and round in her bra. I took off her shirt and went to take off her bra when she told me how bad she had been and that I should take it off for her right now.

After that I took off her panties and started to rub

her clit. She told me to rub faster so I did and had my tongue darting in and out of her pussy. She seemed to really enjoy it so I went faster until she said watch out but that turned me on more so I kept licking.

When she came she screamed. Then she turned around and grabbed my cock and she was going to please me now. She grabbed my penis and shoved it in her pussy only once to get the juices all over it, then she started to work her magic.

Her hands were way better than mine, softer, more tender, more attentive. Then she started making rings around the head with her tongue. Within three minutes of this attention, I managed to get a “I’m cumming!” out of my mouth, but she sucked on it until I was screaming in pain because of how tender it got after cumming.

But she couldn’t stop. She was sure to get under the rim, searching out every last drop. When she finally was satisfied, she hurriedly got dressed and headed for the door. “I gotta go right now.” she said. “I’m gonna give my boyfriend the best blow job he’s ever had.”

Do you know what I like the most? I love the taste of a man after a long day. There's something so intimate about licking every part of another person's body. Getting to understand someone beyond what you can learn over a meal, is important.

## Test Run

*MY TRIP THIS TIME WAS TAKING A RIDE HORIZONTALLY ON A MATTRESS*

"This," the salesman said with practiced panache, "is our finest mattress, what we call the crème de la crème of comfort..."

Judy regarded him with open skepticism. The salesman, having seen that look before, invited her to try it out. I stood there on the showroom floor, arms crossed, hoping like hell that this one would be a keeper.

We had been shopping for a mattress all day, hitting store after store with no luck. My girlfriend had exceedingly high standards. Nothing was good enough for Judy—too big, too small, too firm, too soft, on and on and on.

I had long since given up on contributing my opinion. It was Judy's decision. After all, she was the one paying for the damned thing. Our old mattress was perfectly fine with me. Granted, I was a fairly laidback, easy to please kind of guy. I tended to go with the flow, rolling with the proverbial punches.

Judy, on the other hand, was high maintenance. Opposites attract, they say. This was definitely true in our case. Judy and I occupied opposite ends of each and every spectrum. Still, we made it work, this due in no small part to our sexual compatibility. We had always clicked in the bedroom, enjoying spectacular sex.

Until recently...

Judy blamed the recent decline on our old mattress, claiming that it lacked the support necessary for our marathon fuck sessions. Perhaps she was right. The thing was rather lumpy, and I had noticed

a slight kink in my lower back.

"Well," I asked her, "what do you think?"

She lay there on the bare mattress, moving this way and that. I awaited her response with baited breath. The salesman, no doubt working on commission, did the same thing.

"This is really nice," Judy said. "It feels great."

"I thought you'd like it," the salesman replied. "Like I said, this is our top-of-the-line model, the absolute best..."

I said a silent prayer.

"Well? What do you think? Is this the one?"

Judy sat upright. "I believe it is."

I breathed a sigh of relief.

"But," she said, "I'll need to sleep on it."

The salesman looked shocked. As for me, well, I was accustomed to Judy's ridiculous demands. Nothing would have surprised me.

"Not literally," she told us. "I have to think about it overnight. This is an expensive mattress, and I want to be absolutely certain..."

"Of course," the salesman said.

"Whatever you say, babe," I muttered.

Pillow propped behind my head, I turned on my reading lamp and tried to get lost in the pages of a vintage crime novel. Shopping for a mattress all day had soured me on reality. I was in desperate need of escape, hence my immersion in a fictional world of detectives, femme fatales, and ruthless gangsters.

Judy was taking a shower. The running water provided soothing background noise as I read in our old bed. The book was fast paced and suspenseful. I

*I gasped when she finally took me in her mouth. Her head bobbed in my lap to the accompaniment of wet slurping sounds, this in tandem with her muffled moaning.*

especially liked the author's usage of cliffhangers to conclude each short chapter.

Still, no book, no matter how great, could compete with Judy, not when she was at her horny best. And that's the Judy who emerged from the bathroom after her shower. Her long black hair was wet and wild, her body wrapped in a towel.

"What are you reading?" she asked.

I told her.

"Any good?"

"I like it."

"Better than this?"

I peered over the top of my book. Judy had let her towel fall to the bedroom floor. She stood there, caressing her stellar tits, kneading and caressing the pliant flesh as I forgot all about fiction, tossing the slender paperback atop the nightstand.

"Nothing," I said, "is better than that."

Judy joined me in bed. She pressed her lips to mine. Our tongues colluded, twisting and probing. I felt her fingers on my cock. She planted kisses on my neck, down my chest and stomach. I moved to shuck

of pressure, before she stroked me in earnest, sliding her hand up and down, making me stiffer with each jerk.

I gasped when she finally took me in her mouth. Her head bobbed in my lap to the accompaniment of wet slurping sounds, this in tandem with her muffled moaning. She sucked me with vigor, pumping her suctioning mouth up and down, lips clenched around my turgid rod.

Judy gave great head, the best I had ever had. I could have remained there for eternity, peering at the ceiling as she sucked me dry, but I was in dire need of her tight pussy. What with her hang up regarding our old mattress and all, we hadn't been fucking as much as usual.

I figured she was seeking an orgasm to facilitate a good night's sleep. Then, I reasoned, she would arise tomorrow morning, invigorated and clear of head, having decided to purchase the expensive mattress. Our dilemma would be solved. Life would get back to normal. Endless sex. And no more shopping!

Unfortunately I was wrong...

After servicing me with her mouth, Judy rolled over on her back and spread her legs, begging me to skewer her. I went right to it, plunging my cock into her snug snatch. A few thrusts was as far as I got before she sighed wearily and shook her head in frustration, all but pushing me off of her.

"I'm sorry," she said. "It's no good. I can't, not on this lousy mattress."

"How about the sofa? Or a kitchen chair? We have other options, babe."

"I know we do. But I like to do it in bed. And our bed sucks!"

"Then why didn't you buy one today?"

And that's when she interrupted me in mid-sentence, positing her outrageous plan. Judy wanted to take the mattress on a test run; it was the only way, she explained, to know for sure.

"By 'test run' you mean actually fuck on it?"

"Of course."

"And how are we supposed to do that, Judy? Get naked right there in the middle of the store and start balling in front of everybody?"

"I'll admit that does sound fun, but I have a better idea."

"I'm listening."

"Breaking," she said, "and entering."

"I can't believe we're doing this."

my boxers, but she wasn't having it, insistent on doing the honors. She peeled the shorts from my legs with deliberate slowness. I breathed rapidly, my cock getting harder and harder.

Staring at the ceiling, I felt her hot breath on my balls. Then the velvety warmth of her tongue as she licked my nuts, sucking each one in turn. Her fingers encircled my shaft, applying just the right amount

*We removed our clothes with much haste. Foreplay was out. Still, Judy recognized the necessity of a preliminary hummer, kneeling before me and sucking my dick until it was nice and hard.*

"Believe it," Judy said, leading me across the showroom floor.

Muted lighting illuminated the store's extensive inventory. It was almost midnight. The place had been closed since nine. We had gained entry through an unlocked window in the back of the place, squeezing into an employee restroom redolent of pine scented disinfectant. It had been a tight squeeze, for sure, and a rather precarious drop to the floor.

Now, running on pure adrenaline, we reached the mattress. I couldn't help but wonder if we had triggered a silent alarm. Were the police on their way? Would gun wielding officers interrupt us in the middle of our test run? And, if not, what if Judy hated the mattress? What if the new one was even worse than our old one?

"Hurry," she said, "get undressed. This'll have to be a quickie."

We removed our clothes with much haste. Foreplay was out. Still, Judy recognized the necessity of a preliminary hummer, kneeling before me and sucking my dick until it was nice and hard.

Dropping to the mattress, she lay supine and spread her legs, urging me to fuck her good and proper. I moved in for the banging, guiding my prick into her wet slit. She was tight and hot and ready to go. I worked my hips, thrusting with sure strokes, tapping her core as she wrapped her legs around my waist and crossed her feet behind my ass.

The ever-present threat of discovery served as a major turn on, for the both of us. Judy was hornier than ever, filling the after hours quiet with a steady stream of filthy banter which heightened my excitement to new levels.

"Oh, yeah, baby! Fuck my dirty cunt! Make this pussy come!"

I gradually upped the speed of my jabs until I was reaming her like a redlining piston, in and out, achieving maximum penetration with each stroke. Judy's fingers dug into my back as I pounded her. So far, so good, I reasoned. Judy seemed to like the mattress. And I certainly had no complaints. Still, we had only tried the one position.

"Okay, babe." I pulled out. "Doggy time."

Judy got on all fours, hands and knees sinking into the mattress, as I moved behind her. Her pussy was plenty wet. I slid in with ease. Grabbing her slender hips, I slammed it home, ramming my cock into the depths of her pussy.

She had a fantastic ass, Judy did, a tight shapely apple; watching my dick pound her pussy from behind, her rump on magnificent display, turned me on something fierce. I felt myself getting close to the cliff's edge. I was torn. Had we been at our place I

would've slowed the pace to prolong our pleasure. But we were committing a crime, a rather serious crime, and needed to get out of here as soon as possible. Had Judy made up her mind? Had our test run been long enough for her to reach an informed decision?

"Well," I gasped, "what do you think, babe?"

"I think you need to shut up and fuck me in the ass!"

I pulled out of her pink trench. Then, raising my cock, I pressed the flared cap against her donut hole. I entered her with little resistance. Having penetrated, I remained stationary, letting her do all the work from this point forward, watching in amazement as she moved her hips back and forth, her tight asshole cinched around my erection as she pumped me with masterful technique.

By the time I came, filling her backside with much spunk, I knew the mattress was a keeper.

We went to the store the following morning to purchase the mattress and arrange its delivery. Two police officers were present, talking to a bespectacled gentleman we assumed to be the store manager.

One of the officers recognized us from the surveillance tape they had just finished watching. The whole thing had been recorded for posterity!

Judy and I were great in the sack.

But dumb as fuck when it came to crime.

Strawberries and chocolate might be great combination, but I think a better one is my body and chocolate. My young lover always calls me a snack, so incorporating something sweet into the mix leads to some chocolate flavored fucking. Adding in some syrup made my tits taste that much better.

# Angelica

But a hard cock and chocolate can also make for an addicting combination, and I'm ready to eat it all up. Maybe having this kind of dessert before dinner will become a regular occurrence!
